## *The embodiment of the Italian lifestyle*

Is it possible to design a ship that symbolizes Italian hospitality, Italian style and Italian beauty?

This project to encapsulate “Italy’s finest” is the result of the professional sensibility, the training, and the experiences of Adam D. Tihany, a world-famous designer, from his time spent studying in Italy.

A team of the very best architects and designers worked on the creative concept to unite the five founding pillars, pride, attitude, taste, time, and style, with an Italy where reality and fantasy live side by side.

Tihany then selected a group of prestigious international and Italian architects to develop the idea. They included Partner Ship Design from Hamburg, Dordoni Architetti from Milan, and Rockwell and Jeffrey Beers from New York. Each one helped to develop the basic concept, adapting it to a specific part of the ship in accordance with their skills, their experience and their own sensibilities. Then some of the most prestigious Italian brands in the field of interior décor became involved offering the team the very best Italian-made items. The result of the challenge to tell the story of Italian beauty on a cruise ship is how Costa Smeralda was created.

The secret was starting with Italy’s most typical settings, from the architectural landmarks that embody and reflects the Italian lifestyle where people go to see others, drink aperitifs, have a conversation, eat mouthwatering snacks, shop, but above all, to have a great time together, this can only happen in the most traditional of Italian places, the piazza.

# Responsible Innovation

As an ambassador for responsible innovation, Costa Smeralda is the embodiment of Costa's new journey towards the future and desire to combine the pleasure of a vacation with sustainable development.

Designed to be efficient and minimize its environmental impact, Costa Smeralda is the first of two ships in the fleet to be powered by liquefied natural gas (LNG) the "cleanest" fossil fuel in the world. The ship itself was designed on the respect of the consumption of resources. Reducing consumption at the source and putting guests at the heart where they will have a leading role in increasingly virtuous behavior that is respectful of natural resources, making Costa Smeralda a truly-special ship to be experienced together.

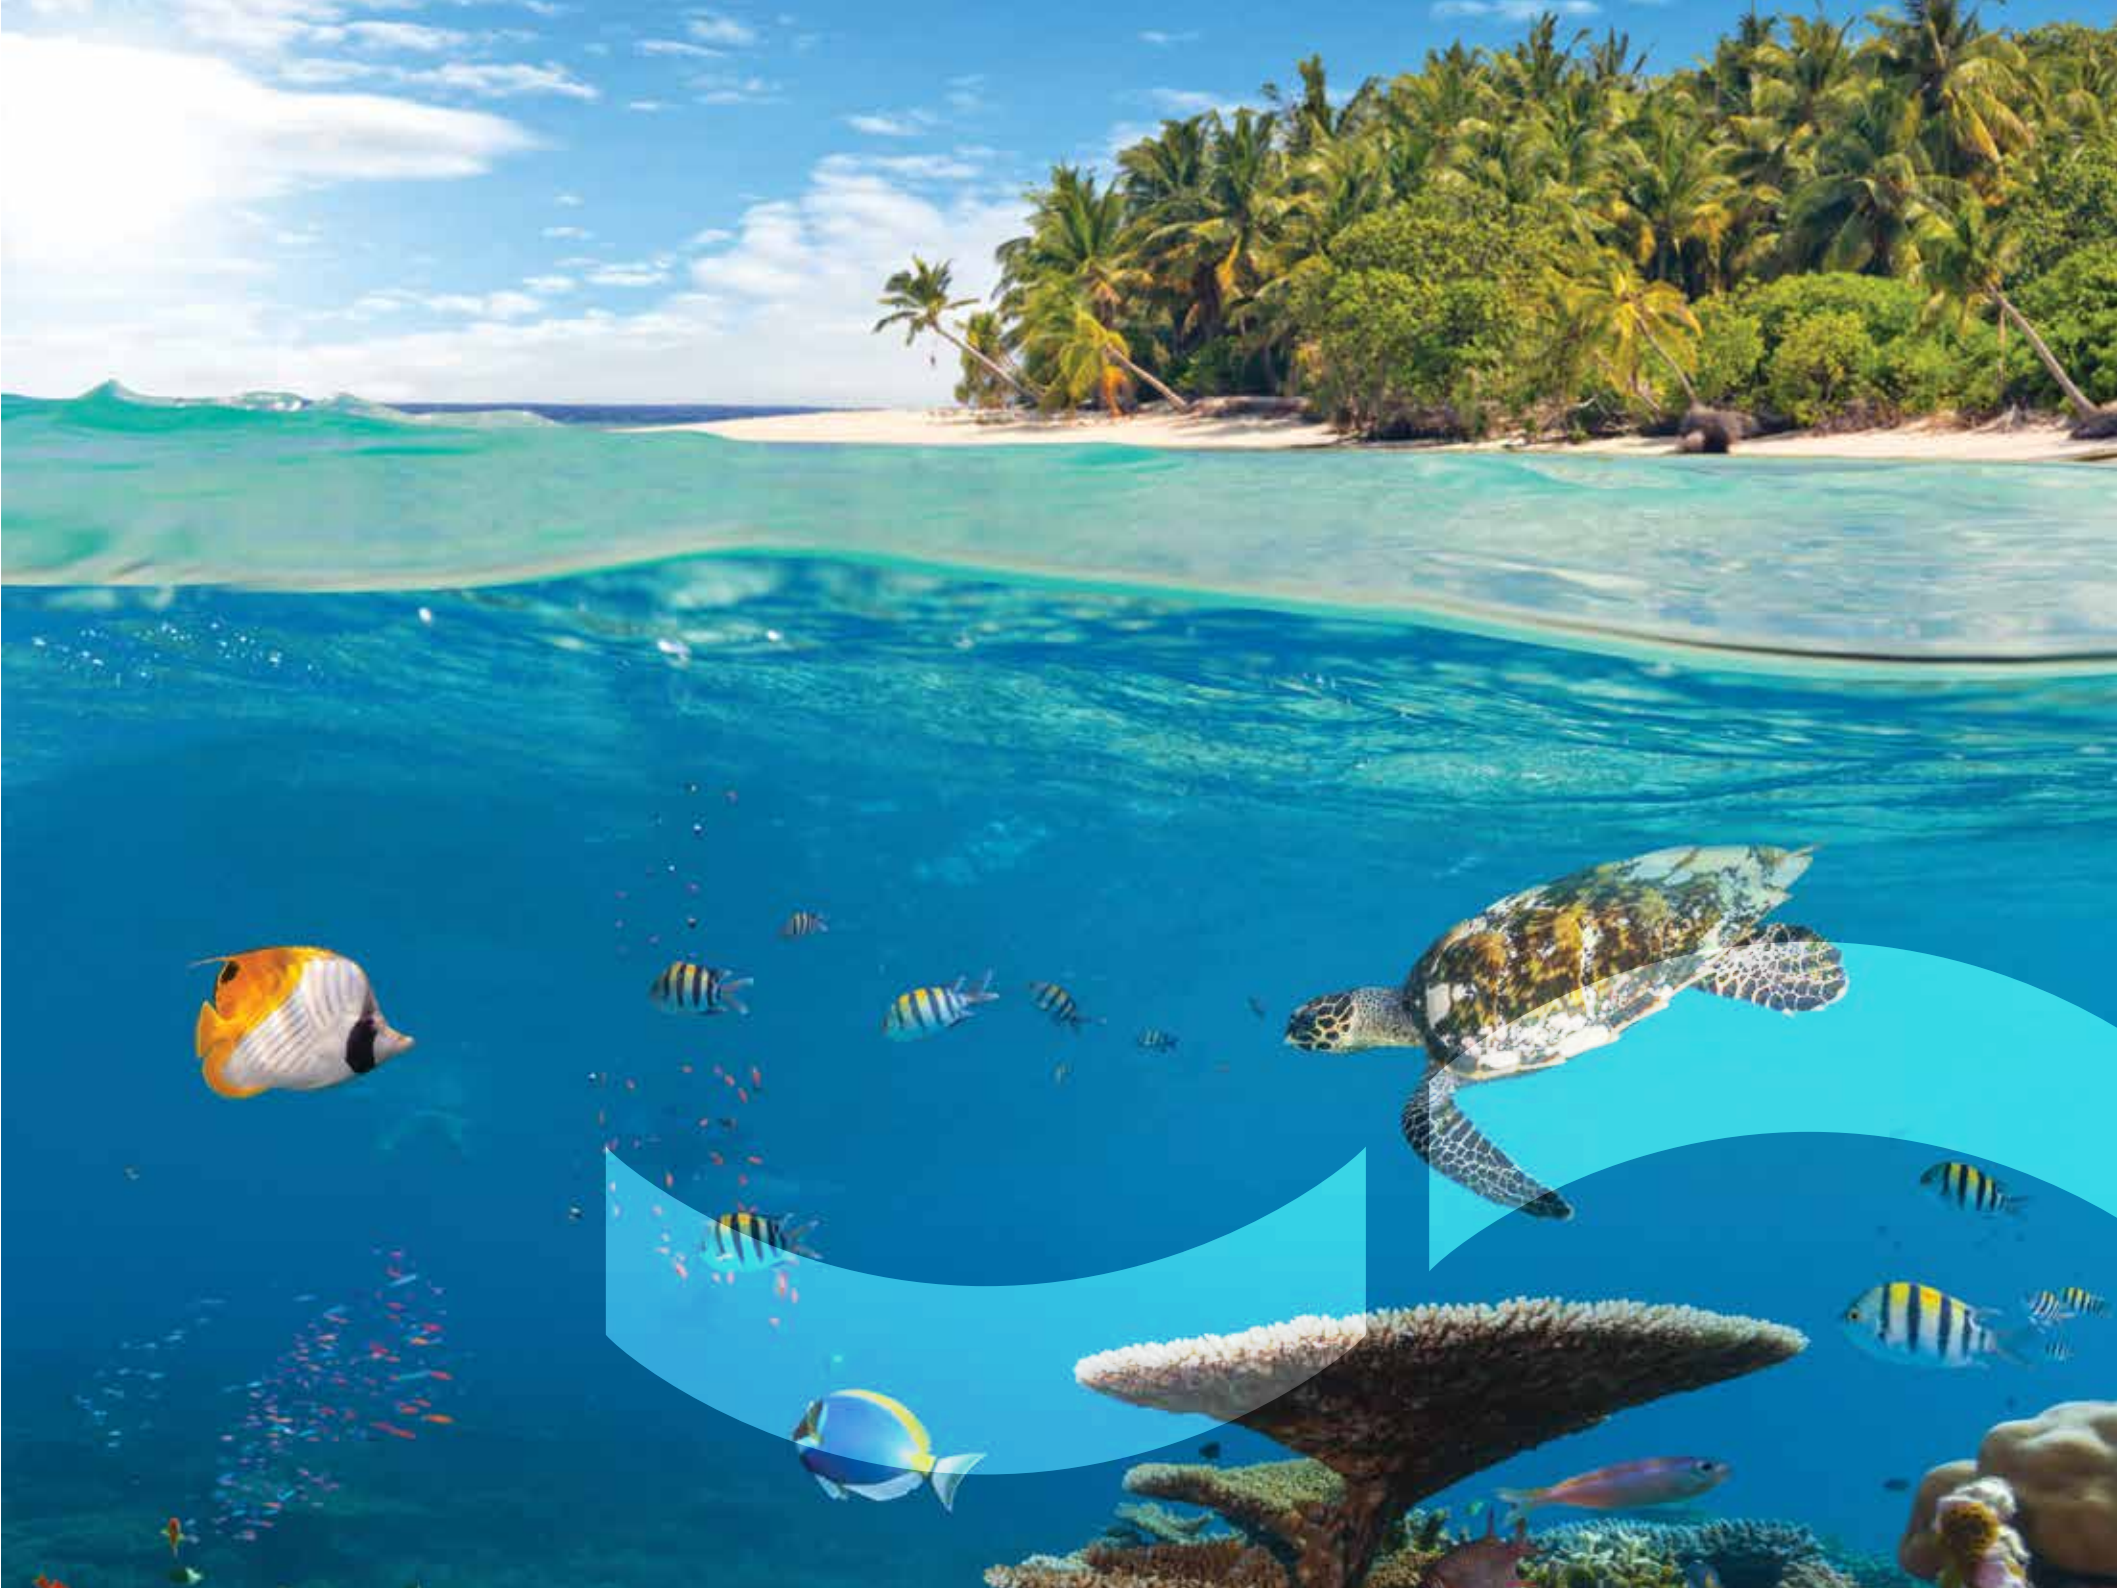

Stepping on board Costa's new home will be like stepping into the future, with all the interiors designed to make the travel experience a shared and responsible one, which is precisely what makes it unforgettable.

“ On Costa Smeralda guests will feel welcomed in a “home” where respect for our planet is a fundamental value and where they will play a leading role in sustainability so that we can make a difference together!

## *Our cabins are the best reflection of Italian style*

The cabins are the best reflection of Italian style and the concept of beauty.

The kind of beauty and style that we are known and loved for abroad the inspiration behind the Best of Italy concept created by skilled artisans who use the very best materials for both the furnishings and for the lighting. You'll find Molteni furnishings, Dedar and Rubelli wallpapers and fabrics, and Flos Bespoke lighting, and you can sleep on a comfortable Dorelan mattress.

Each floor is like a Grand Tour through Italy's most famous and celebrated places like Palermo, Capri, Rome, Venice, Florence, and Bellagio.

## *Magic flavors of Italy's Finest*

There is nothing like food to reflect the complexity of a country's culture. Here on board Costa Smeralda, we care for food like the Italians do, which is how we guarantee quality and flavor. Every day our chefs prepare breakfast, lunch and dinner, as well as a variety of snacks, making your vacation a thrilling experience for your taste buds too. Handmade chocolate by Gobino and Biasetto pastries, the world champion, are just some of the sweet tidbits in store for you on board.

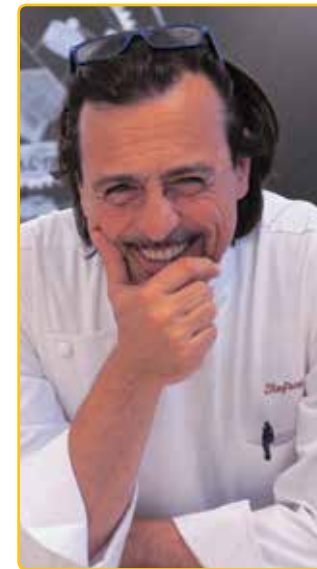

There are scenic sea view restaurants and dynamic and lively bistro-style settings, where you can sample our culinary delights, perhaps some spaghetti from Barilla, the symbol of Italian pasta around the world. Through our partnership with the University of Gastronomic Sciences of Pollenzo, you'll soon see how skilled we are in making every guest from every part of the world happy in offering dishes that are the culinary complement to the places you visit because you learn more about a country when you have the chance to appreciate its cuisine.

There are many different menus in the specialty restaurants that offer different flavors we have grown to love over the years thanks to Costa. Enjoy restaurants like the Teppanyaki, the Pummid'oro Pizzeria, and the brand new family restaurant Tutti a Tavola, as well as the Laboratorio del Gusto (Taste Lab) where you can learn how to make your own dinner together with our chefs. Your taste buds will thank you when you dine at one of the 16 different areas dedicated to food.

# Aroma

## *An Italian ritual awaits*

There are 19 bars on board to choose from each with its own panorama and potentially containing your new favorite bartender. There are a thousand ways to enjoy a drink on one of the bars on board, whether it is sitting on the stairway that slopes down towards the wake of the stern, in the Colosseo, outside in the Jacuzzi, or in formal wear before dinner. Perhaps you would like to try one of the themed bars, Campari, Aperol, Ferrari and Illy, for example, all serving Italy's finest drinks, from aperitifs to coffee. Or perhaps a superb glass of wine from the Fontanafredda and San Marzano wineries, or ice cream in the Amarillo Gelateria, where Agrimontana is a sure sign of 100% natural ingredients and exceptional quality.

Lingering in the air are the aromas of gin, citrus fruits, spices and sugars mixed with the fresh salty breeze. What could be better than letting life surprise you once more, with an aperitif at sunset, for example?

# Listen

## *Every kind of fun has a sound*

Pure enjoyment flows through you as you take an interest in the different areas on board. Visit Trastevere, the piazza of fun, where you can see street performances and musical surprises.

In the Sanremo Theater, enjoy special events for the various nationalities on board, theme evenings for teenagers as well as competitions, modern parties, and grand evening events when it turns into the onboard disco.

Finally the Colosseum, the heart and soul of the ship's high-tech innovations, with acrobatic shows three-decks-high and plenty of interactive evenings of music led by the master of ceremonies, an important new role of the team on board.

*The soundtrack of your vacation.*

Guests can also get involved behind the scenes during the rehearsals and backstage procedures at the Colosseum, with the help of the master of ceremonies, and in the Sanremo Theater. With dedicated daily activities, guests will come into close contact with the equipment, the artists, and the technicians on board, participating backstage but always in a starring role. Be inspired to sing when you watch the Voice of the Sea. Anyone who wants to rise to the challenge can participate on stage and sing their heart out to become the best. Actors, dancers, acrobats, and singers all onboard to show you the range of their skills and showing you poetic, romantic, and exhilarating entertainment that displays Italian culture. Our enthusiastic entertainment staff will get you involved in the onboard activities, and the music onboard will have you dancing the night away.

“ The experience of fun on board is all around you, revitalizing and re-energizing you in new interactive spaces, where everyone has the chance to express themselves in the perfect setting at all times. ”

*You're the star in the best show of all*

Technology meets art - a grand combination designed to amaze with high-tech digital solutions: virtual bands, LED screens and lights that interact with the music and the settings, as well as high-level artists in spectacular acrobatic shows and a trilogy of musical storytelling and dance dedicated to Smeralda.

Technology is everywhere, even in the messages you receive on board, to help you get around, or to provide you with information and invite you to the ship's unmissable events.

Visiting the CoDe "Costa Design Museum," the first museum of its kind on board a cruise ship, showcasing a selection of the most representative "Made in Italy" items and the country's excellence, is another a way of entertaining you, with the beauty of Italian style.

There's the sound of bouncing tennis balls and the sound of a soccer ball hitting the back of the net, or the sound you make when running on the treadmill - Technogym, of course - like all the equipment that helps you work out. You can also discover the gentle sound of running water in the Wellness center spa, where your body relaxes when you pamper yourself with a spa treatment. And the mellow sound of a smile of someone receiving a gift purchased in one of the shopping area boutiques. Technology and the digital world make an appearance at the photo gallery, helping you choose which of your pictures to purchase. What about the spinning roulette ball and the lucky rolling of the colorful slot machine reels? They are all sounds that brighten your day on board and that let you know you're having fun.

## *The pure enjoyment for the entire family*

A fun-filled family vacation at sea is guaranteed because there is something for everyone on board.

Kids and teenagers can take part in all the activities designed for their age group on different areas of the ship dedicated to them, while parents can relax and enjoy all the onboard services and excursions. You can book some time at the nursery for your little ones, and your older kids can have fun playing in tournaments with the help of PlayStation.

There are plenty of opportunities to make lots of new friends in a relaxed setting and enjoy a variety of different cuisine, and on Costa Smeralda, there is a whole restaurant for families with special kids' menus.
